October News 2020

Grade One

Dear Parents,

We have settled nicely into learning classroom routines. We are focusing on the many blessings of Autumn and the many reasons why we are thankful. A classroom goal is to be a good friend and treat others respectfully.

In Literacy, we are working hard on our printing, letter formation and using lines properly. We have started to use success criteria of the characteristics what good writers do e.g.: writing on lines, simple sentences and stretching out our words. Please remember to review your five words of the week daily. R.E.D. (Read Every Day Folders) the 5 books should be read nightly. The pink books that are sent home on Monday have five letters, sounds or sight words. Please return this every Friday.

Math: We continue to work on building numbers to 12 using various math tools and games e.g.: 10 frames, dice, board games, cards. We do daily Number Talks, counting circles to build self-confidence and develop their skills. Orally students are learning numbers that come before and after numbers to 20.

Social Studies: We are working on our unit on Rules and Responsibilities.

Masks: We continue to work on building mask stamina in the classroom. Thank you to all parents for your support.

Lunches: Please ask your child if they have enough to eat in their lunch. Some days we have extra snacks in the classroom that are available for the students.

Thank You to all Grade One Students who are working hard to social distance, hand sanitize, wear masks and respect personal boundaries with their friends.

Ms. Rudy 😊

Important Dates:

Oct. 2- Monthly Virtual Assembly

Oct. 12- Happy Thanksgiving (No School)

Oct. 30- Halloween Party/ Students may wear costumes.
