## JANUARY

### A Note From The Teacher

Welcome back everyone! Happy lunch making again, looking for lost mittens, and a schedule! I hope everyone had a happy and healthy and restful Christmas holiday. In our room, we are blessed to have Mrs. Valletta back volunteering in the mornings this month. We are also blessed to have a fantabulous EA, Ms. Humble joining our room. Mrs. Bogema and I are super excited! Our class is responsible for the end of the month assembly – we'll focus on the word initiative!

### Contact Me

The best way to contact me is to use the Remind app. If you need instructions, please write a note in the agenda.

### What We Are Learning

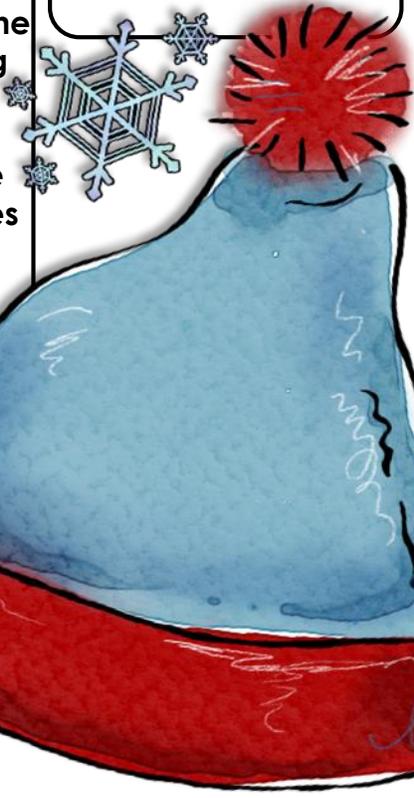

We will look at emotions we feel and how we can regulate them if we are out of control. Along with that we will identify non-verbal cues and use them in oral communication with each other. We will study rocks and minerals this month, look at the effects of tobacco smoke, begin a volleyball unit, and the elements of music and some drawing of objects. In math, we will finish multiplication and dive into some measurement. For language arts, we will work on comprehension strategies while we read, look at prepositions, conjunctions and correct use of commas.

### At Home

Red reading folders will come home next week. We will begin the process again!

### Reminders

Please ensure that your child(ren) come to school properly dressed for winter weather. For health and safety reasons, students are not allowed to wear boots or wet shoes in the classroom. Shoes that are worn in the snow or slush must be changed. Students must have an extra pair of shoes at school during the school year. Please check daily to make sure that your child has brought home the right snow pants, boots etc....Labelling clothes may help with this problem.

### Upcoming Events

- Jan. 17th: Swiss Chalet Lunch
- Jan. 22nd: Parent Council Meeting 4:45
